Those Were
The Days,
My Friends

Through the years, Marine City has grown from a dirt road frontier town to a thriving city alive with progress.

Within the pages of the '76 Mariner we hope to have captured the spirit and people that have made this river city what it is. A special thanks to Mr. Wilson Wonsey whose generosity and donation of time and energy made this bicentennial issue possible.

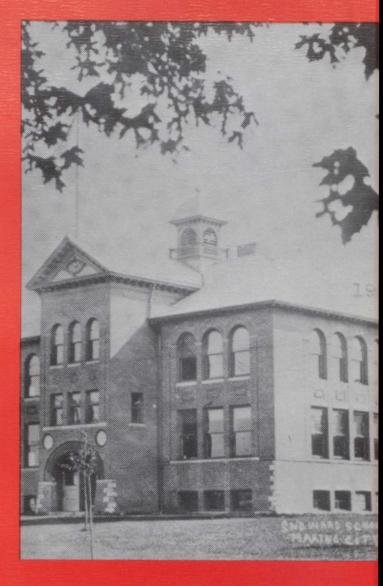

Until 1670, the land around the St. Clair River was the home of fierce Iriquois Indian tribes. Then a group of Sculpian missionaries were sent to explore the region, bringing back descriptions of beautiful lands, an abundance of game, virgin forests and fertile soil.

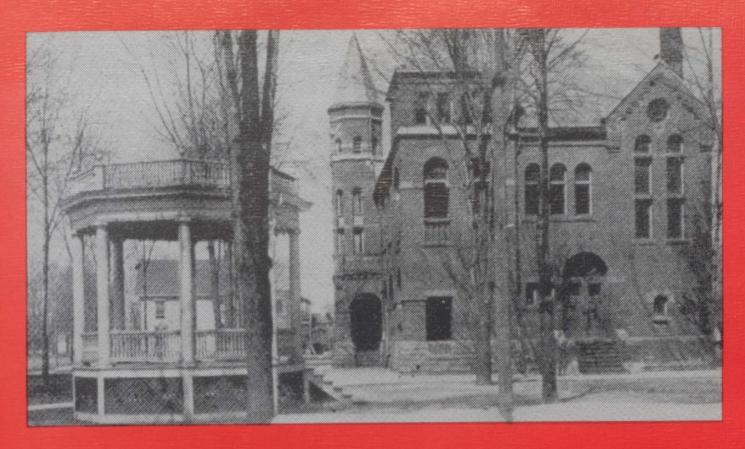

Following the French came their families, settling in a district known as "Belle Riviere." In 1845 there was a notable immigration of Bavarians, Germans, Austrians, English and Irish, leaving the Old World to escape tyranny and religious persecution.

The village of Newport, now Marine City, had been established previous to this immigration. This river-front town was the second village on the St. Clair River, and was already engaged in a ship-building industry.

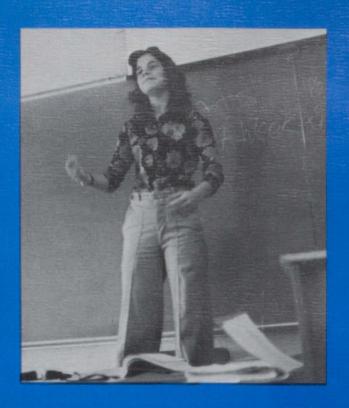

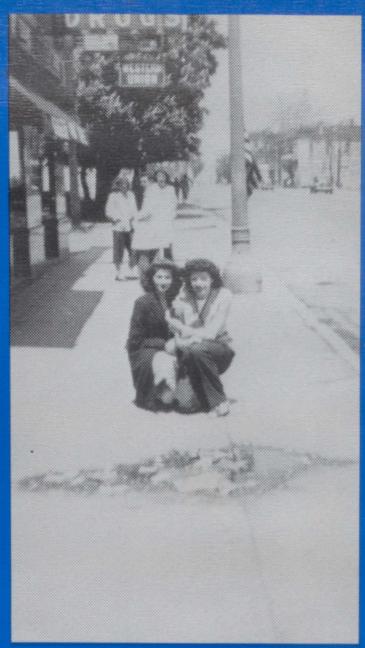

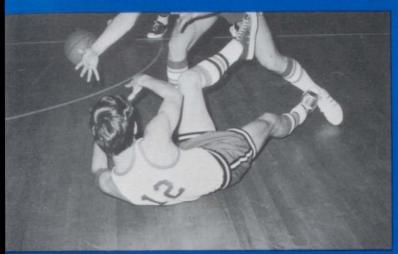

We Thought
They'd Never End

We'd Sing
And Dance
Forever
And a Day

On March 12, 1865, the village name of "Newport" was changed to "Marine," and in 1867 it was incorporated as a city with its present name of "Marine City." Since that date, the name has remained unchanged, but the city itself had undergone many changes.

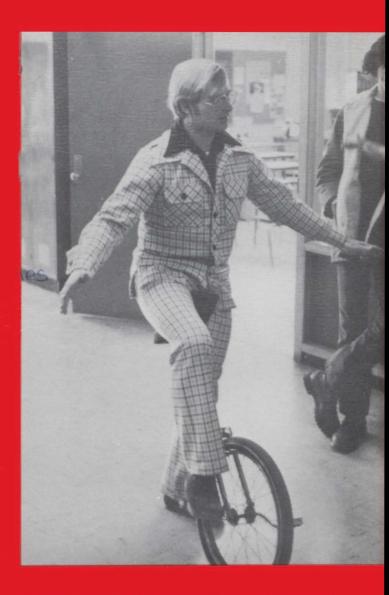

Marine City's first and largest industry was ship-building. Samuel Ward, a New Yorker who settled here in 1817, started one of Michigan's finest ship-yards right here in Marine City, with a mere \$3,000. The location was at the foot of Pearl and Broadway, on the St. Clair River, and it grew to become a business empire that had accumulated a small fortune.

Mr. Ward and his niece, Emily, were indeed important citizens. While Samuel Ward was among the first founders of Marine City, "Aunt Emily" was busily running the first school. Called the "Newport Academy for Boys and Girls," it was then located at the site of Marine City's present library, which was also used as the township hall, village hall, and the jail at the same time as the school house. The Newport Academy was attended by nearly 100 students of old Newport.

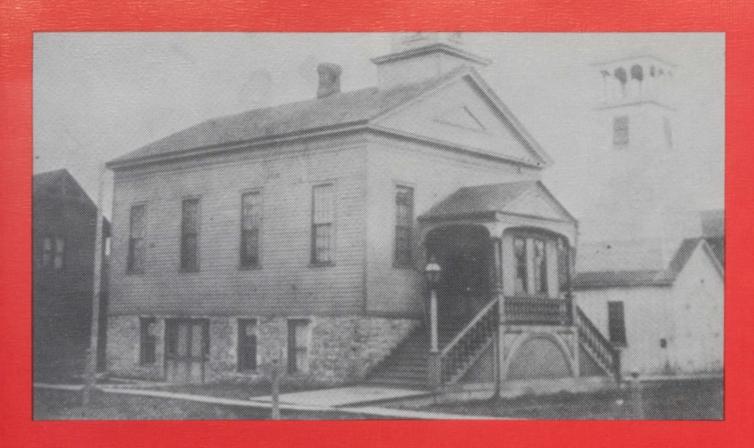

People and clubs have long been responsible for many of the activities and services that Marine City is fortunate enough to have. The all-volunteer fire department is one such example. One of the very earliest things provided for the village of Newport was a bucket brigade of volunteers, but it was not until 1865 that the community purchased an engine. Some of the other clubs include many church groups, the Veterans of Foreign Wars, and the ladies auxiliary. They are responsible for involving people and showing pride in our city. Among the older clubs were the Ladies Library Association, the Bicycle Club, and the Community and Concert Bands. Recently, a new group was formed, consisting of students and alumni, and calling itself the Marine City Community Band.

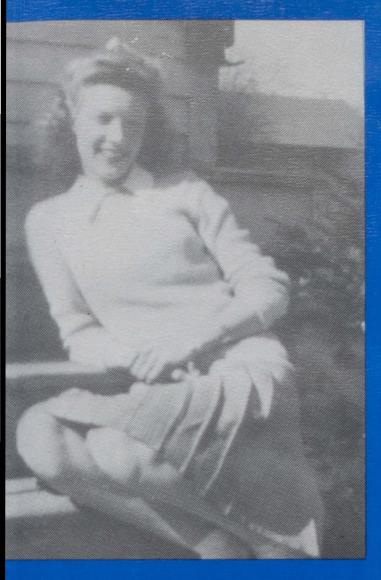

We'd Live the Life We Choose

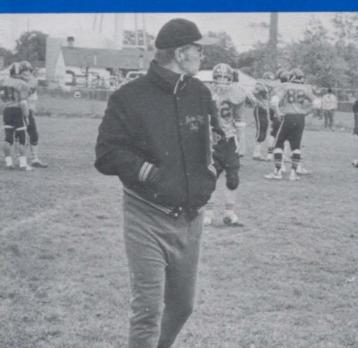

We'd Fight And Never Lose

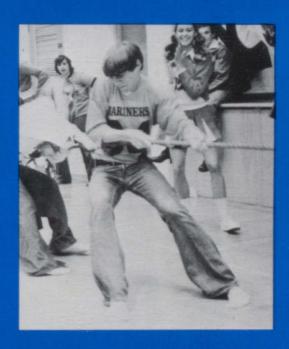

Marine City's merchants have long been an important asset to the city. Many of the older businesses are still flourishing, while new and modern establishments are constantly springing up, or new owners take over existing businesses. Marine City offers a wide variety of services and convenient locations. Among the many old stores and trades were included Temple Theatre, Mineral Bath House, Naden's Millinery. Anton's saloon, and M.J. Furtaw's Gent's Furnishings. Among the remaining establishments are W.W. Bridges Jewelry, Haggberg's Drugs. Broadway Hotel, Bachler's Appliances, and Quality Feed.

New shops and markets are constantly cropping up and making a place for themselves, but they always will carry a sense of the old quality that has existed through Marine City's changing business district.

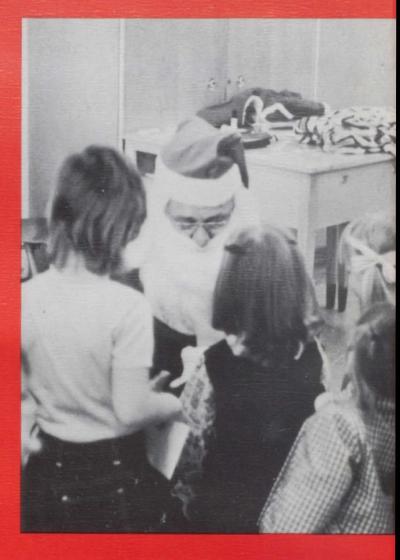

Marine City's first weekly newspaper. The Gazette, was published in 1874 by a Mr. Bissell. It concerned itself with the major events of the city, and the human interest side of the news, including gossip.

The Marine City Reporter succeeded The Gazette in 1877. It was published by D.C. Huntoon and Calvin Blood. In later years, this publication was taken over by W. Miller and F. Callahan. In 1884 until about 1924 Frank Sutton was publisher for this paper. Many people still remember Mr. Sutton, and his dedication.

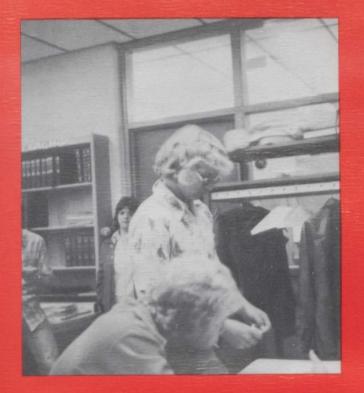

A paper called The Post was in circulation for a few months, while the Marine City Magnet operated from 1887 until 1900. Following this was the Marine City Globe published from 1897 until 1900.

By 1917, the Marine City Independent Press appeared and has since been the area's only local newspaper.

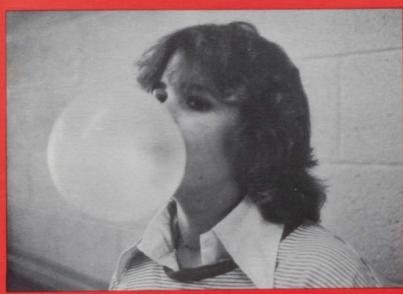

On August 1, 1963, the Marine City Independent was purchased by the Times Herald Company and is presently running as an independent unit known as the St. Clair County Independent Press.

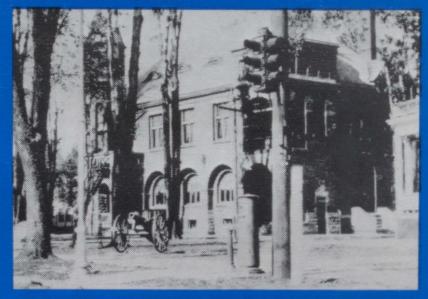

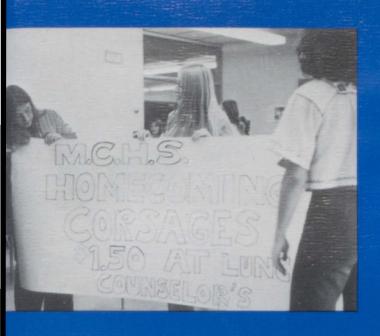

For We Were Young

And Sure to Have Our Way

Marine City has proved that it can withstand the difficulties that have come its way. We have innovated the best of the modern world and retained the best of the old days. The town's many businesses, services, and most of all, the people, have helped make our city a prosperous and a beautiful place to live. Marine City is 109 years old in this year of the American Bicentennial, and we would like to take this opportunity to contrast the lifestyle of today with the way of life that has been shown in the preceeding pages.

## "Misty Water Colored Memories"

Above the Queen finalists are: Debbie Wolf, Debbie Holcomb, Diana Wiinikainen, Kelle Brown, Dawn McClouth, Julie Smith, Sharon Redden, Darlene Beattie, Kathie Niester, Alena Whitehurst, and Rosanne Lozowski.

Below: Dawn McClouth stands with her escort Jeff Baxendale.

A burst of spirit was released for Homecoming 1975. Shouting and cheering filled the halls of M.C.H.S. with the excitement of who would be chosen as members of the Bicentennial Homecoming Court.

Tradition was broken by having three representatives from the Junior class and two from the Sophomore class. The applause of the crowd was overwhelming as Mr. Pavlov announced our Queen, Dawn McLouth.

The excitement of spirit week, the flower parties, the assembly, and the Homecoming dance will hold many happy memories for Queen Dawn as she remembers her reign during Homecoming 1975.

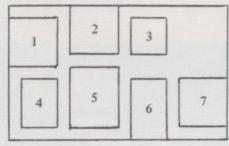

- Sports activities are at the top of Jean Polio's list of hobbies.
- Cathy DeGuesippe's goal is to become a fashion designer.
- The main hobbies of Kelle Brown are horseback riding and snowmobiling.
- 4. Mary Kay Schwanitz enjoys all winter sports but skiing is her favorite.
- 5. Horse shows and skiing keep Dawn Niester busy throughout the year.
- After graduating this year Kathie Niester plans on going to college to become a respiratory therapist.
- 7. Cheerleading is Beth Fielhauer's main interest through the school year.

# Homecoming Highlights '75

"Where in the heck is the finish line?" was the main question on Joel Bell's mind during the MCHS homecoming tricycle race. While Joel was trying to figure it out, Carrie Smith came zooming by him to take first place.

Even though the Seniors have a year over the Juniors, they didn't seem to have the strength. With the help of Amy Rhodes' cheering, the class of '77 over powered the Seniors in the grueling 8 minute battle of the tug-of-war.

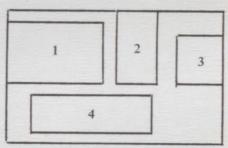

These two annual events plus the beautiful crowning of Queen Dawn were the reasons that the 1975 homecoming seemed to be the best ever at Marine City High School.

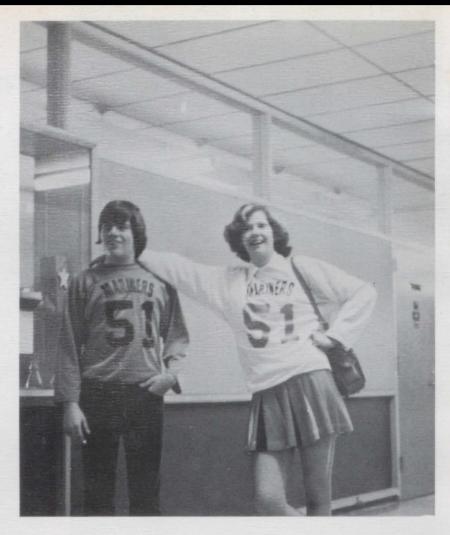

- 1. This year's Homecoming beauties were:
  Jean Polio (Sophomore), Dawn Niester
  (Junior), Cathy DeGueisippe (Junior),
  Kathy Niester (Senior), Queen Dawn,
  Kelle Brown (Senior), Mary Kay
  Schwanitz (Junior), and Beth Fielhauer
  (Sophomore).
- 2. Tears of happiness fell from Dawn
  McLouth's eyes as Senior President Jim
  Biewer crowns her queen.
- Varroom! Joel Bell, Carrie Smith and Rosanne Lozowski start out the same on the annual tricycle race.
- the annual tricycle race.

  4. As Evie Southard and Jim Reichle share the thrill of victory, Jeff Britz and Beth MacLeod felt the agony of defeat.

What's everyone waiting for each October? You guessed it ... Spirit Week. It's a tradition of picking out silly days, dressing up, and competing among classes. Each class works together to try and win the contests.

Orange and Black, Penny, Pin, Sock, and the ever traditional B-Bop days were the ones chosen for this year's Spirit Week. On B-Bop day kids dressed up as their parents did in the 50's. Slicked back hair, bobby socks, long skirts, pony tails, and lipstick were some familiar sights seen around MCHS.

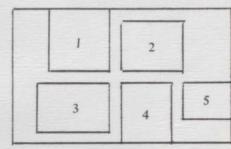

The week ended with the Queen's assembly where the contests for entertainment were held and the winners announced. Seniors won the Spirit Jug. Juniors won the tug-of-war and Penny Day. And the Sophomores came out victorious in the tricycle race and Pin Day.

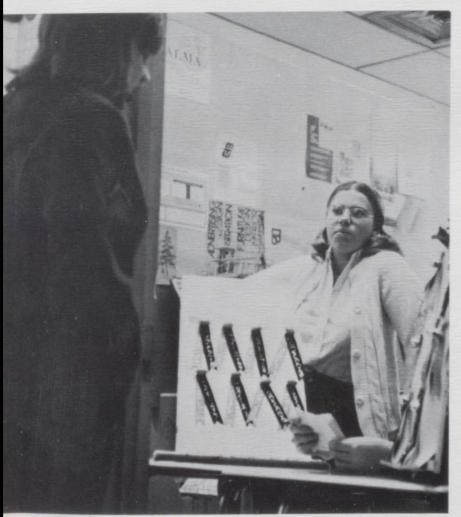

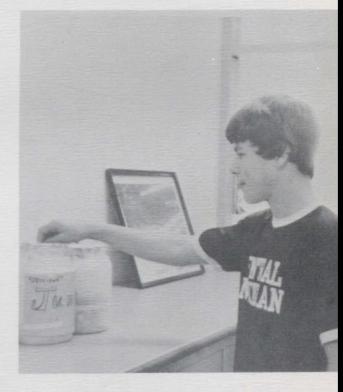

### **Good Times Remembered**

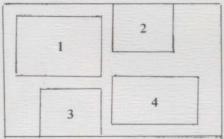

- We can see by their shirts that Patty Britz wants to take over Bill Klieman's position on the team.
- Debbie Draves, Joyce McCalla, Diane Draves, and Diane Liebetrau sing "why can't we be friends" as they dance down the hall.
- "Why did everybody leave?" asks Charlene McNiff, Debbie Holcomb, Kelle Brown, Dawn McLouth and Jill Lozon.
- Mike Zobl quickly makes up his mind to buy a pin as Cindy Fahs gives him a threatening look.
- Shawn Smith wonders whether or not he should drop the pennies or buy a candy bar.

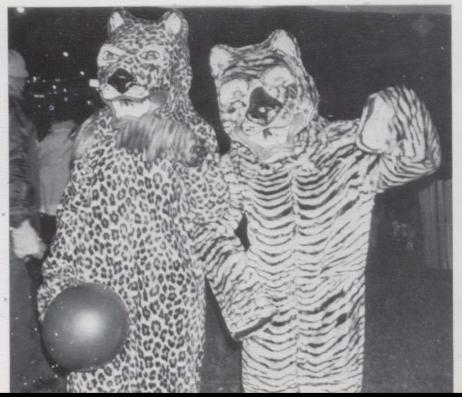

- Snow Queen, Julie Smith flashes a smile as she poses with her court, Vicki Hanson, Diane Wiinikainen, and Janice Theume.
- Santa Claus gives a sigh as he listens to Evie Southard's long list of things she wants.
- wants.
  3. "This is fun," yells Cathy Summerville to Debbie Holcomb as they wave to the kids.

  This Southerd Julie Grammer,
- 4. This year Evie Southard, Julie Grammer, Debby Lozon, Kathy Senger, and Michele Eber dressed as elves and escorted Santa down the street during the Christmas Parade.

"Deck the halls with boughs of holly" was exactly what the kids from MCHS did as they got together and put up a tree in the front lobby.

The chorus got in the spirit of the holidays also as they went caroling through the halls.

Playing the role of Santa Claus, Mr. T. was the favorite of the day when he attended the children's Christmas party in Child Development Class.

MCHS participated in the celebrated events of the Christmas parade by dressing in imaginative costumes and singing Christmas carols to the tunes of the marching bands.

Riding on their float the Snow Queen and her court shared in the excitement of the evening smiling and waving to the people.

### Let it Snow, Let it Snow

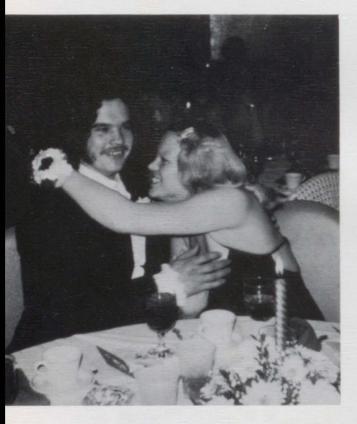

#### "Dream On" ... We Did!

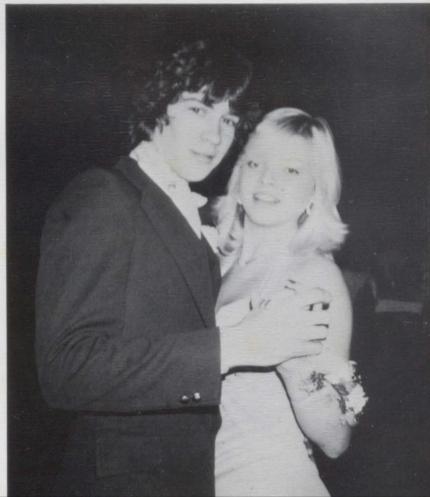

"Dream On" was the theme song of this years prom. The Junior class prom committee had high hopes for the prom and they all came true. It was held in the ballroom of the Hillcrest Country Club in Mt. Clemens. All the committees worked very hard trying to get the best. The Juniors had a candy sale and earned enough to lower the price to \$15.00 a couple.

The only problem the Juniors did come across was about the band. They found out a few days before the prom that they could not have the band already planned on to play. Instead Hillcrest got them a band called "Celebration".

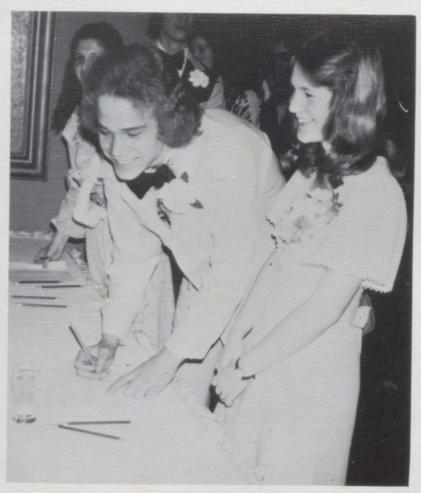

Besides dancing, everyone had a great dinner and a real good time. It all turned out as expected with alot of determination and hard work from the class of "77".

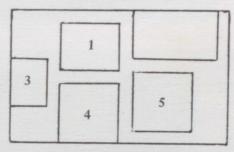

- "Come on everybody, smile pretty and show how much fun we're having here",

- show how much fun we're having here", says Rindy Braun.

  2. Bill Simons thinks even the water looks really nice here.

  3. "Lets go dance Dan, this is our song"! begs Kim Bradshaw.

  4. Randy Bradshaw and Dawn Mclouth glow with happiness after being selected as King and Queen.

  5. Bob McCollister and date Tawny Simms cast their votes for king and queen.

# The M.C.H.S. Band sounded off this year at the Richmond Good Old Days Parade. Along with the parade the band participated in the March of Dimes Walk-a-Thon, and on November 22, they played at the Port Huron Flags hockey game.

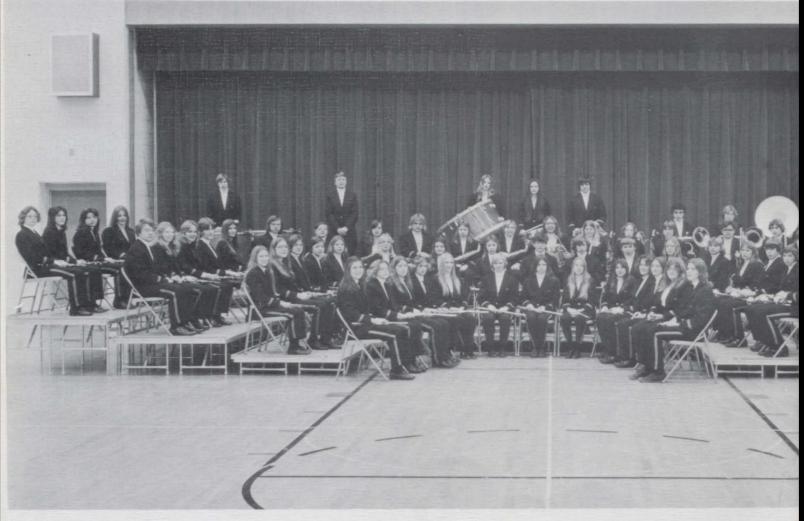

The weather didn't stop Miss Bastian from taking her band outside to practice. In spite of rain, sleet, snow, and even sun, they prepared for their shows out on the field. The themes were "Fiddler on the Roof", "Patterns", and "A Day with the Band".

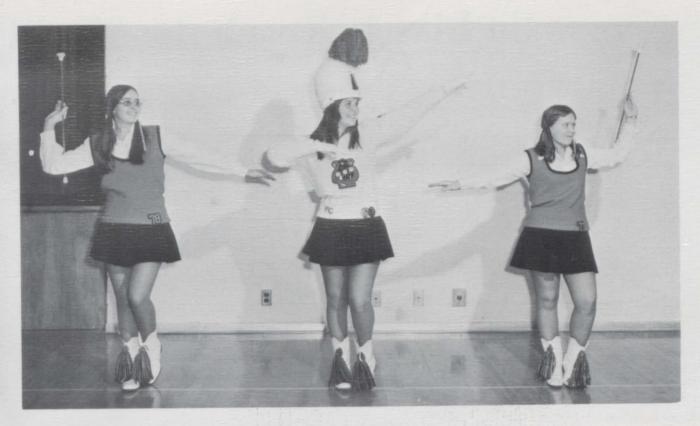

The band also put on two concerts, one in the winter and one in the spring. They played a variety of arrangements from Tchaikovsky to The Carpenters.

Thanks to our drum major Tammi Maitland, and the director Miss Jean Bastian, the band played through another year.

# And the Band Played On

### I'd Like to Teach the World

The chorus started off fresh and new for the year of 1975-76 under the direction of Miss Jean Bastian. They consist of a group of girls who meet everyday, practicing songs anywhere from the classical to rock. Every year they perform two concerts, one at Christmas time and one in the spring. This year they participated with Mr. Trudell doing Christmas announcements.

They also helped to bring the Yuletide spirit to the school as they went through the halls caroling on the day before Christmas vacation.

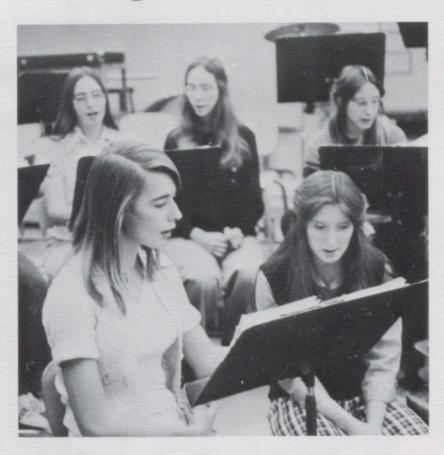

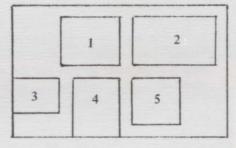

# To Sing in Perfect Harmony

- By the look on Shirley Griffor's face Cindy Fahs and Linda Davis might be singing the wrong note.

#### We See the Light

National Honor Society is an organization that you cannot join. To become a member of this group you have to be accepted according to not only a grade point average but also the standards of leadership, service, scholarship and character set by N.H.S. Seniors and Juniors must have a 3.0 (B) grade point average and Sophomores need a 3.5 (A) grade point average. Members are inducted in the Spring during an evening ceremony.

If there wasn't an 8 Ball Club we would be paying the janitors to do extra work. But this group of guys does everything to keep the stage up and the lights in the gym in working order. Another advantage is working under the supervision of Mr. Shorkey.

### N.H.S. Has Got What it Takes

The J.V. Cheerleaders really worked hard to get it together this year. They had practice after school and worked at pep assemblies getting everyone excited for the game.

As you might have noticed, we had no student government this year, however, cheerleaders all got together and worked very hard to give us a great homecoming. Along with that, they went into business selling bagels, candy bars, and pins in order to get new uniforms to dazzle the teams.

The J.V. squad has really worked hard this year and a lot of thanks goes to their advisor Mrs. Penelope Burmann.

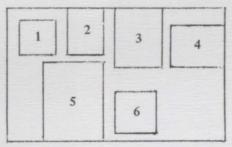

#### We've Got the Soul

- 1. "Touchdown!" yells Beth Fielhauer, Wendy Tomlin, and Diane Atkinson as they watch the score rise.
- 2. Kathy Senger screams her loudest, "Give me an M."
- me an M.

  3. "We've got soul," yells Wendy Tomlin.

  4. Carrie Smith, Michelle McLouth, Lisa Cobb, and Beth Fielhauer say "We want two" as they hope for another basket.

  5. Cheering the J.V. team on from top to
- bottom are: Diane Atkinson, Carrie Smith, Beth Fielhauer, Wendy Tomlin, Lisa Cobb, Michelle McLouth, Kathy Senger, and Carol Burmann.
- 6. Michelle McLouth exhaustedly shouts "Let's Go."

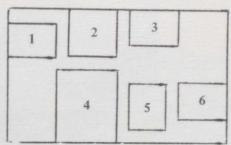

Dynomite! That's what we called our eight varsity cheerleaders this year. They showed us a lot of enthusiasm and a lot of spirit even when the team was losing.

Mrs. Penelope Burmann was highly qualified as the advisor for the group, being an ex-cheerleader.

At summer camp this year they won many awards in their competition. All together they won 3 blue ribbons, 2 red ribbons and over all they won the dynamite stick for the most spirited group at camp. They really enjoyed the time they spent at camp on the campus of Eastern Michigan University. It was a good experience and it helped them to become better cheerleaders.

- 1. "This game is great!" Kathy Nugent laughs.
- 2. Julie Smith cheers on as our team is about to score.
- 3. The girls plea to "give us what we want" which is another basket of course!
- 4. The super eight varsity cheerleaders from left to right are: Bridget Snell, Rindy Braun, Kathy Nugent, Patty Britz, Vicky Hansen, Julie Smith, Amy Rhodes, and Dawn McLouth.
- 5. Vicky Hansen says, "We got the soul!"
- Bridget Snell concentrates on getting the right beat of "Love Will Keep Us Together."

# They're Dynomite - Alright!

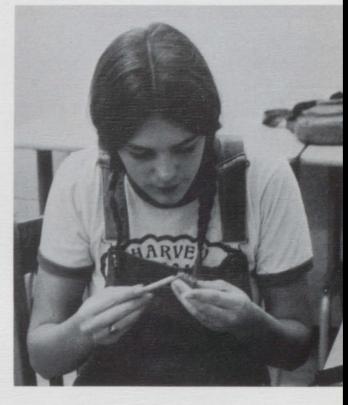

# Hey, That Looks Good! Print It

The Marine City High School Log Staff did an exceptionally good job this year in putting out the monthly newspaper. The only people on the staff who were ever on it before were Diana Smith, editor for this year, and Dawn McLouth the assistant editor. That means that everybody else was inexperienced and the Log certainly didn't show any inexperience in the making. Mr. Walker Archer was the advisor again this year for the staff.

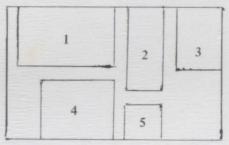

The Log Staff does many things such as taking interviews on different subjects, writing articles of what's happened lately in the school, and taking pictures and developing them in our school's dark room. After they get all of the above things done they have to make a layout of the pages. Everything has to fit perfectly which can be difficult to do.

- Log staff.
   Along with being editor of the Log, Diana Smith also keeps busy on the Yearbook staff.

- staff.
  3. Sandy Parcell looks intent putting on wax for the paper to be printed.
  4. "I think this is going to be our best Log yet!" announces Kelle Brown.
  5. Debbie Holcomb and Cheri Hilferink seem to have a very little attention span with Mr. Archer today.

#### The Educators

The days of one-room school houses, pretty school marms and homework scribled on a chalk filled slate have long since been replaced by large, skillfully designed complexes staffed by many dedicated teachers. In the older days, teachers handled all the jobs connected with the school. They taught reading, writing, and 'rithmetic as well as taking care of discipline problems and janitorial duties. Now they are trained in special areas and our "lessons" are taught with the aid of mini-computers, audio-visual equipment, and all office machinery.

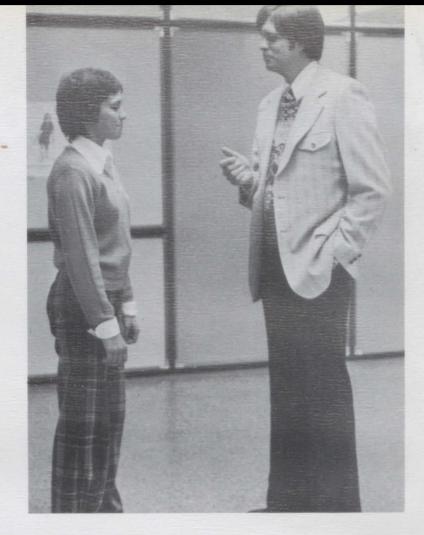

We arrived this year with a new principal, Mr. Thomas Shorkey. He came to our school with ideas to improve the students' morale. He regulated school attendance and made an effort to stop loitering in the halls. Mr. Shorkey is strong willed and is determined to make our school run smoothly.

Mr. Edward Trudell, complex coordinator, feels that students are what schools are all about. He strives to better the classes by talking to the students to find their feelings about school and the teachers.

The secretaries at M.C.H.S. serve in a very special way, they are the backbone of not only the administration but also the students. Mrs. Carol Eber and Mrs. Anne Westrick head up the office by taking care of attendance and being secretaries to Mr. Shorkey. Mrs. Lucille Chartier keeps Mr. Trudell in line with her efficient note taking and memo writings.

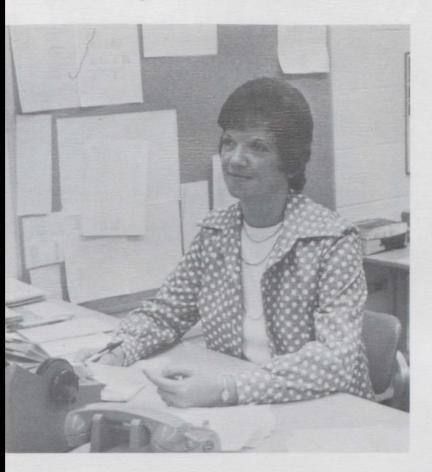

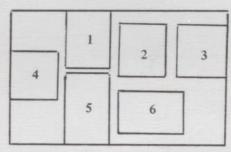

46 The Educators

## "Why Can't We Be Friends?"

- "Don't pout Renee," comforts Mr. Shorkey, "you can have your sucker back after school."
- 2. Mrs. Eber wonders about the signature at the bottom of the absent slip.
- 3. "Where's my picture of Rock Hudson?" questions Mrs. Chartier.
  4. "I'll have a ham and cheese on rye, but
- hold the mayo," quips Mr. Shorkey.
  5. Mrs. Westrick smiles as she sees her name on the absent list.
- 6. "OK, it's a meeting at 9:00, golf at 9:15, lunch at 1:30 and then I break," exclaims a busy Mr. Trudell.

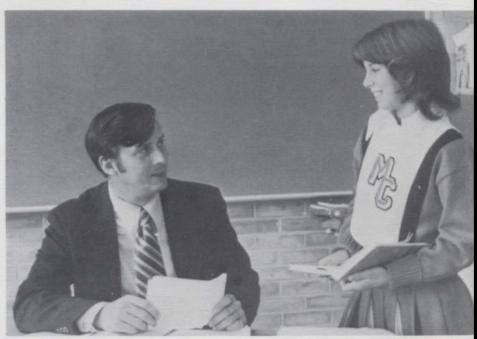

### Words Speak Louder With Verbs

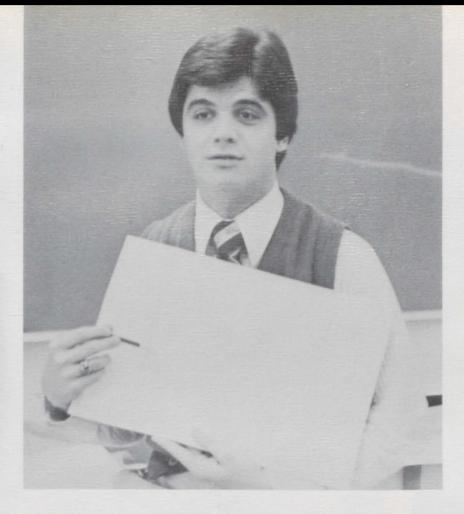

- 1. Putting out the magazines is just a small part of Mrs. Jewell Greene's daily routine.
- 2. Mr. Garey Harvey is all smiles as he checks in term papers.
- Demonstrating the correct way to draw a layout is not one of Mr. Anthony Cavis's favorite jobs.
- 4. "Please help me!" pleads Beth Fielhauer with Mr. Walker Archer.
- Mr. Joe Pavlov gives his lessons for the day a quick glancing over before beginning class.
- 6. Wearing a bright and warm smile is all part of the job to Miss Kathryn Kimmet.

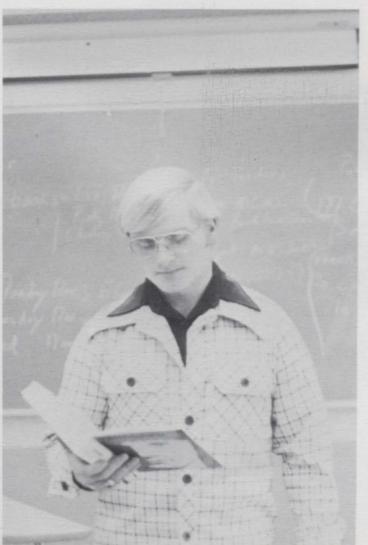

The English Department plays a very important part in this school as far as teaching students how to speak properly and use the correct English. Each one of the teachers in his way has devoted time and effort to the teaching of students so that they may gain a better knowledge of the English Language in a revolent and meaningful way. After a three year English course, they should be well prepared for a demanding world of communication.

A librarian's work is no easy task at M.C.H.S. Especially since there is only one librarian for both the High School and the Junior High. Just a small part of the job is checking books and magazines out. Many hours are spent filing, typing, and ordering new books.

The Counselor's office is the place to go when a student has a problem, whether it is personal, or academic. So if a student has something on his mind and needs an ear, he should stop by and give our Guidance Department a try.

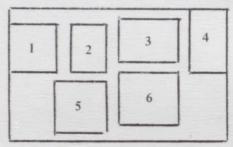

#### A Touch of Class

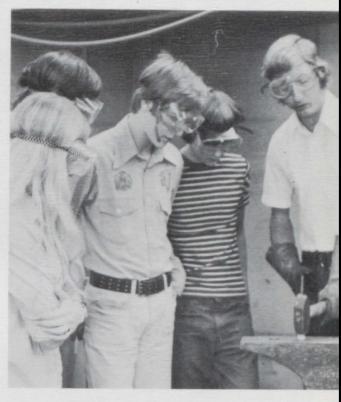

- "How many pencils do we have left to sharpen?" asks Kevin Jillson.
   "This is fine, but first you have to plug in your machine," says Miss Radtke to Cindy
- 3. "There must be an easier way to straighten nails!" exclaims Mr. Milson.
- 4. "A little rounder at the top, and there, yes you have it! A perfect portrait of Mickey Mouse," instructs Mr. Flemming to Jeff Randolph.
- Kandolpn.

  5. "If one more person gives me one more instrument, they'll be wearing it as an ornament," says Miss Bastian to an astonished Diane Naeyaert.

  6. "Honest, Mrs. Clausen, the brush just went out of control!" exclaims Jill Lozon.

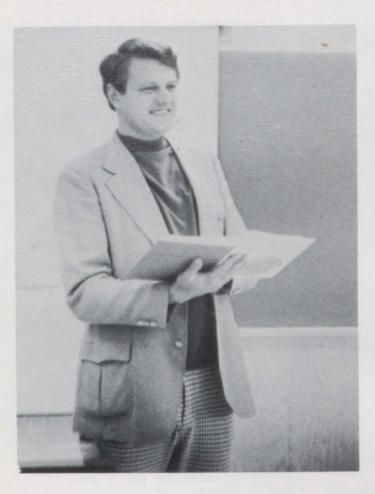

Hey, future domestic engineers have we got the classes for you — Miss Bethany Radtke's Child Development and Sewing classes. This year the students learned all about child care, family living, and sewing. With Miss Radtke's knowledge there to help, it sounds like a pretty good deal.

Students who took one of Mrs. Julianna Clausen's art classes couldn't complain about a program consisting of drawing techniques, kite designing and clay modeling. If they couldn't improve their talent for art at least they had a lot of fun.

In charge of both Jr. High and High School Band, Miss Jean Bastian's working day is quite full. Neither rain nor mud nor cold north wind kept her from making our band strive for good half-time shows.

The Industrial Art classes are in a class of their own. With Mr. Clayton Flemming, Mr. Gary Milson and Mr. Ben Witukiewics you learn everything from simple drawing to sand casting and bowl projects.

#### Pi, Protons and Push-Ups

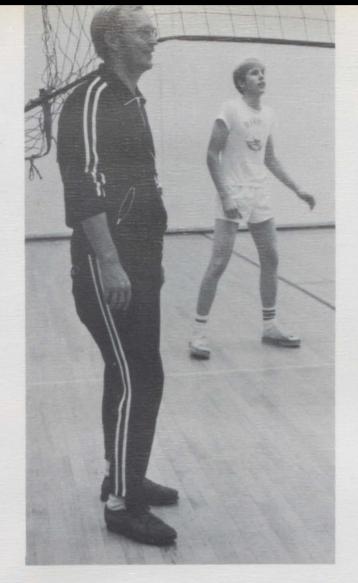

Sine, Cosine, and Tangent are only half of the functions students must know to get through one of Mr. Gene Gunderson's Advanced Math or Calculus classes. Learning if x or y is positive or negative in the fourth quadrent is no picnic either in one of Mrs. Penelope Burman's Algebra classes. These teachers spend as much time as needed making sure that the students understand what they are studying.

In the Science department we have Mrs. Mary Harris, and Mr. George Newcombe. They will teach the students everything from Boyles Law to the inside of a plant. They have a way of making their classes interesting and enjoyable.

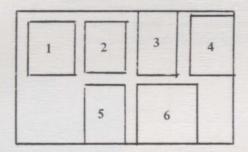

Doing 100 push-ups is no easy task unless you're in Miss Martha Lownsbury's or Mr. Stan Wiinikanien's physical education classes. They help students get their body in good shape while teaching good sportsmanship.

- 1. Mr. Gunderson is having a hard time explaining how the Quadratic formula

- works.

  2. Making sure that no one is fooling with the equipment keeps Mr. Newcombe alert.

  3. Is there ever a dull moment in Mr. Wiinikanien's gym class?

  4. Glenn Furtaw watches closely as Miss Lownsbury shows the correct way to hold a request. a raquet.
- 5. Mrs. Mary Harris demonstrates the pull of gravity to Jill Knechtel.
  6. Mrs. Burmann carefully goes over a homework assignment with Steve Beattie.

### At M.C.H.S., We Do It All For You!

When you're not feeling well, and want to know what's wrong, Mrs. Joyce Wiinikainen is the person who should know. She will give you a warm greeting and the best of care. You can always be sure no matter how serious the illness, Mrs. Wiinikainen is a person who you can put your trust in, she always knows what to do.

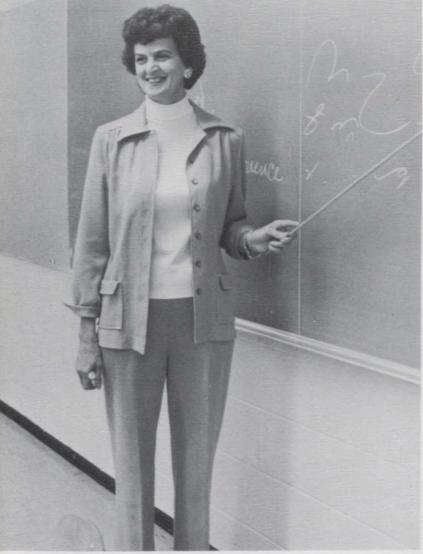

Neither rain nor snow nor gloom of day can keep Mrs. Donna Faucher from performing her duties. A jack of all trades, she does jobs from A to Z to help both the teachers and students.

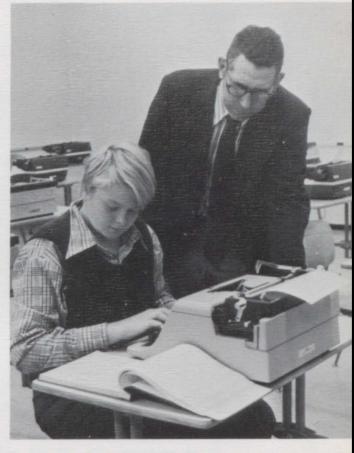

Anything from accounting to typing can be taught by Mr. Ellery Horning, Mrs. Florence Joachim, and Mrs. Joyce Warner. Beginning typists first learned the fundamentals of typing, and later, the techniques of typing business letters. Meanwhile, the shorthand students were learning what the squiggle marks meant that they just wrote down. While the students in accounting were getting acquainted with debits and credits, the students in office practice were familiarizing themselves with most of the equipment they would use on the job. The business courses benefitted all students by giving them practical knowledge of the business world.

   "The operation is a complete success!" exclaims Mrs. Wiinikainen to a worried-looking Jeanne Kaye.
   Mr. Homing can't imagine how Don Turke can type 20 w.p.m. and have 25 errors.
   Cheryl Archer listens patiently as Mrs. Warner explains what a secretary does on her coffee break.
- her coffee break.

  5. "The first person to read this line gets the surprise in my Cracker Jack box," announces Mrs. Joachim.

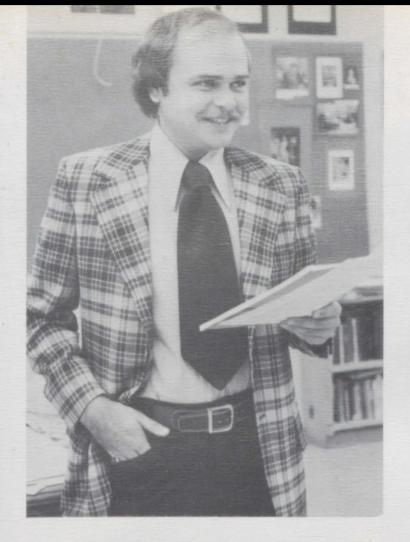

#### Remember When?

To know what made America what it is today is one of the objects of the social studies department at M.C.H.S. Our teachers try to bring a greater awareness of today's problems by looking at the past problems and how they were solved.

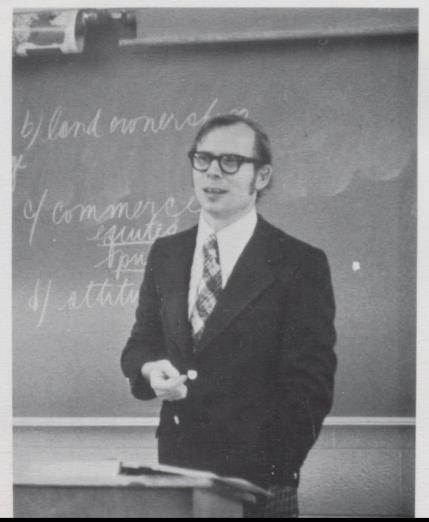

Mr. Pat Schweihofer works on a one to one basis with students to help them with various subjects. His helpfulness, time and patience are what help the special education class get off the ground.

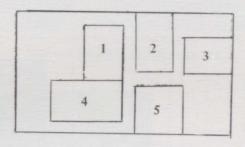

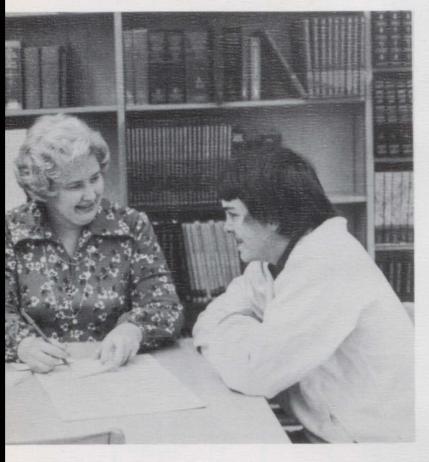

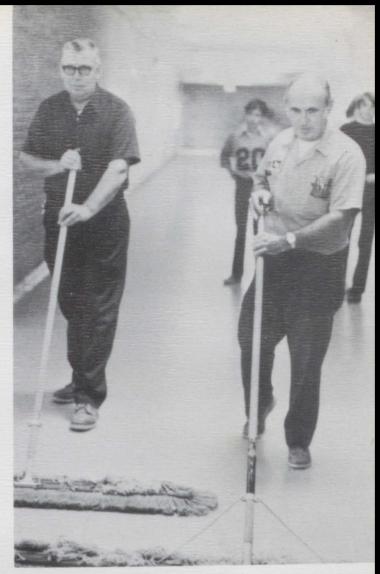

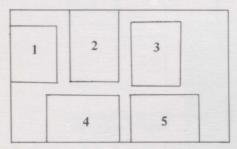

- 1. "Come on, you can come up with another excuse for being tardy," states Mr.
- Goldwin Smith.

  2. Mr. Charles Homberg laughs to himself as he reads the adventures of Ozzie and Harriet.

- "Now that reminds me of a good joke I heard," replies Mrs. Grace Zapel.
   Helping Larry Coon with a problem, Mr. Patrick Schweifor shows a lot of patience.
   Mr. Donald Chamberlain gives one of his interesting lectures to his government place. class.

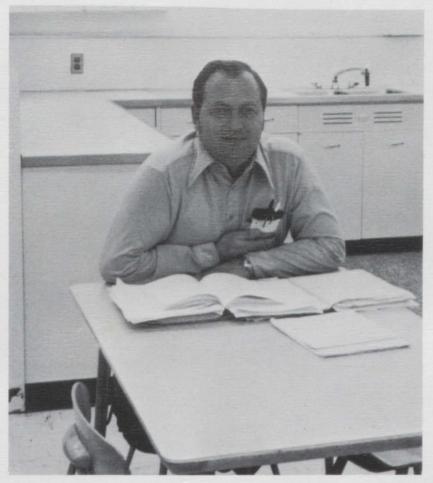

- 1. Showing Mark Dueweke the correct way to fill out an application form is Mrs. Sandra Cawrse.
- 2. Mr. David Green and Mr. Ray Shackett sweep often to keep our school in great shape.
- 3. "How about a game of poker?" asks Mr. Peter Findley.
- 4. Our night custodians are Art Grabowski, Rick Furtah, Bob Genaw, Jim Grabowski,
- Mary Balfour, and Steve McConnell.

  5. Mr. Paul Shoemaker shows some interesting slides to Cindy Fahs, Laura Wolf, and Jill Knetchel.

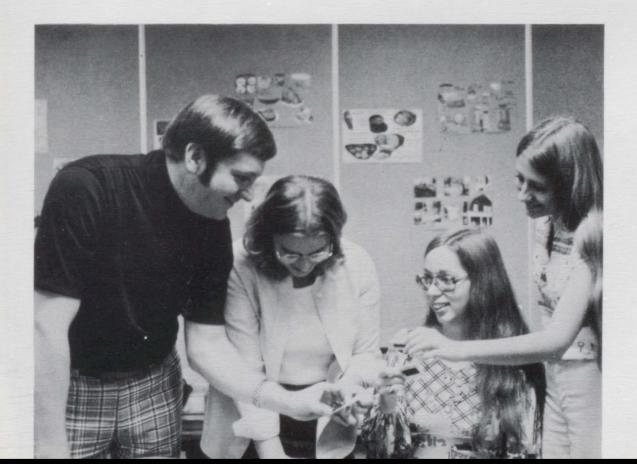

### A Little Bit of Everything

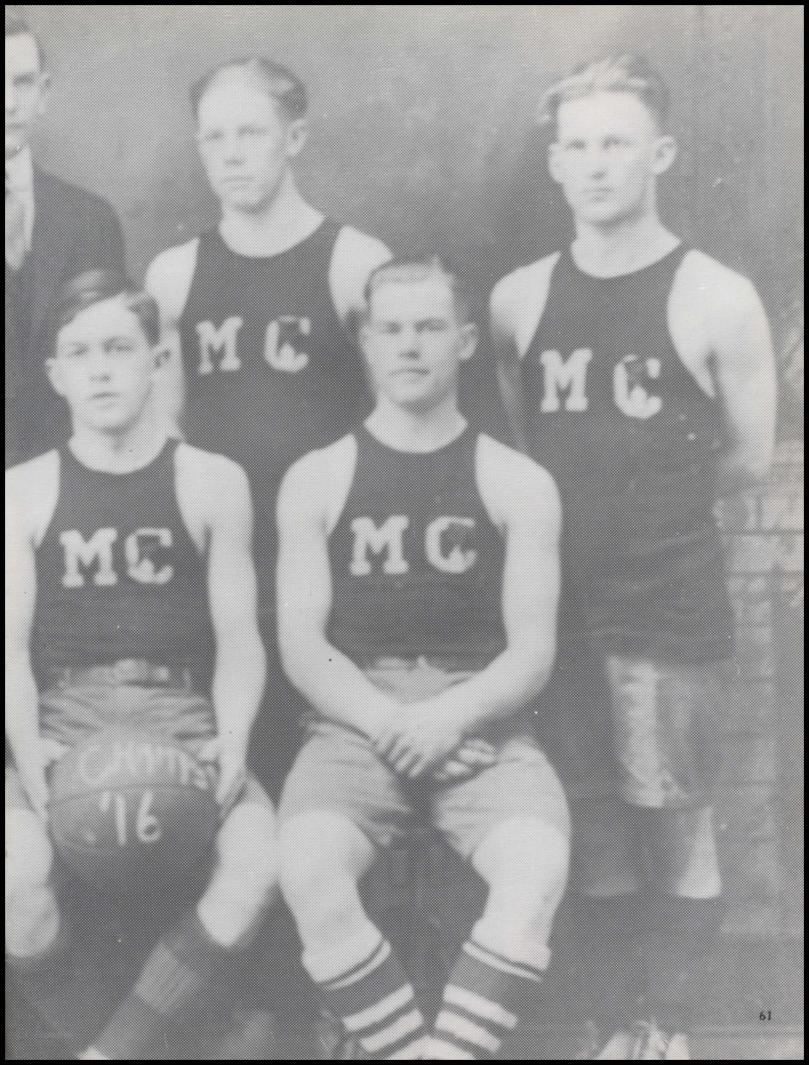

In the first two years of Spanish grammar makes up most of the program. The classes are supplemented by oral reports, slides, and building pinatas. In the advance classes an informal atmosphere allows students to dig more deeply into the cultural aspects.

Co-op gives students the opportunity to prepare themselves for a position in the business world. In the Related Studies class students learn ideas to improve their relationship with their employers and how to better their position in society.

Imagine one day coming to school seeing the grass three feet high or trying to get to class while wading through trash up to your chin. Thank God that we know this will never happen because of our efficient crew of custodians. They work hard both day and night to keep our school in tip top condition.

# The Competitors The 1916 basketball champs pictured here are just some of the many superstars that have played sports at Marine High Our athletic program has come quite a way from the days when only boys competed in football, basketball and baseball. Now guys and girls can choose from a variety of sports such as cross-country, golf or volleyball.

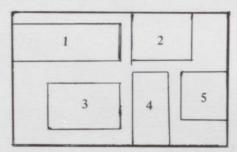

#### Mariners on the Move

# Run into Rough Season

- 5. Big Bill Andrews breaks through the line, blasting between defenders.

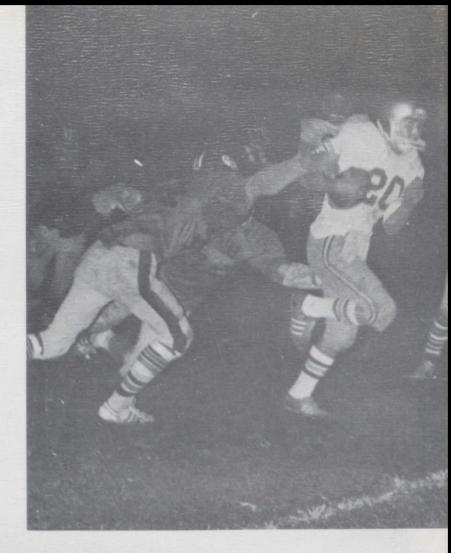

The 1975 football season had a rough start. All summer long the players weren't sure if they would be in the league this year. Problems with the millage threatened the cancellation of not only football but all sports. After the second millage failed the people got together to raise money for athletics. The combined efforts of the Saint Clair and Marine City Boosters Club did a tremendous job. However the effect of the NO votes still dampened the season. Players were disappointed. The summer weight-lifting program was dropped and team meetings couldn't be held. The Boosters Club deserves much credit, thanks to their determination and hard work the team was given new hope.

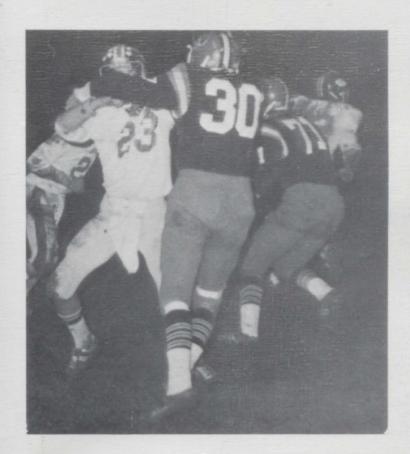

The Mariners came to life the last three weeks of the season. Anchor Bay spoiled a 14-0 lead to nip the Mariners 21-14 in our homecoming game. The team played well the first half but couldn't keep it going and the Tars came out on top. Port Huron Central came within inches of beating the Mariners. They were on the "one inch" line many times but then the defense Big plays by Brian got rough. Zimmerman, Jeff Buzzo, Parmentier and Louis Robelli stopped them cold. Touchdowns by Jeff Britz and Tony Currier insured the 14-7 victory. Armada withstood a Mariner comeback in the fourth quarter to win 16-12. Bill Westerhof went to the air for two touchdowns. One to Britz on a 65 yd. screen pass and Zimmerman got his touchdown on a special trick play; he was wide open in the end zone. Earlier in the season, the Mariners sparkled against Crox-lex romping them 34-0. Led by Randy Bradshaw who excelled for three big touchdowns, the Mariners breezed to an easy victory. The season was up and down all year, but the Mariners got it together the last couple of weeks.

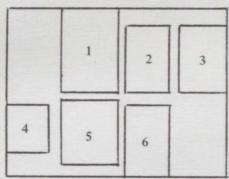

### Croslex, P.H.C. Bite the Dust

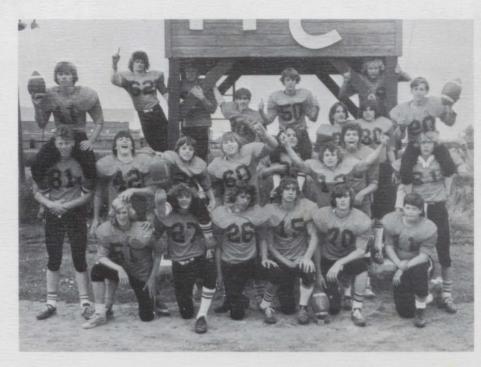

- Glen Furtaw demonstrates how speed and determination are needed in making a clean tackle.
- 2. Holding back this defensive player is no easy task for our Randy Bradshaw.
- 3. Bill Andrews quickly finds making a touchdown run isn't as easy as it looks.
- At halftime, a favorable scoreboard brings hopeful smiles to the faces of Joe Kardasz and Tom Reichle.
- While making a mad dash for the goal line, Tony Currier finds a defensive obstacle in his path.
- 6. "I sure hope my mother's Tide can get this clean!" exclaims Randy Bradshaw to a Cros-Lex player, as Chris McKenzie and Duane Harman wonder the same.

#### J.V. Tackles "Ruff" Season

After a rough freshman year, the J.V. team football made many Coaches improvements. Stan Wiinikainen and Pat Schwiehofer did their best to turn things around. Even though the improvements were made, they still lost their first games on foolish mistakes. But the fifth game against the Saints proved successful. The young Mariners went out and played perfect ball, beating St. Clair 22-18.

The following week turned out to be upsetting. Mistakes hampered the sophomores again giving Anchor Bay a 38-6 victory.

Last year as freshmen, the Mariners were 1-5. To improve this year they would have to beat P.H.C. Things didn't look so good when some of the key players were moved up to varsity. But the Mariners went and outplayed the Cougars, beating them 20-14. This ended the season with a 2-4 record.

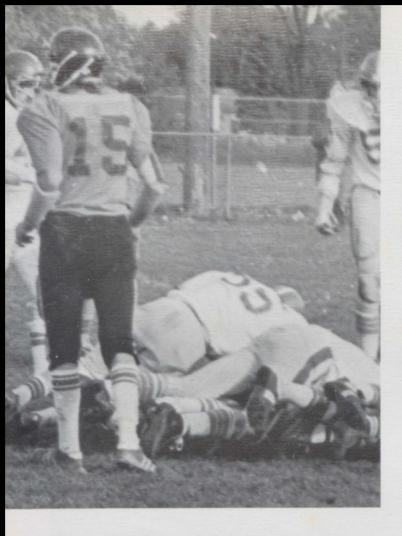

Waiting for the big game are, bottom row: Dave Wheeler, Jeff Nugent, Jerry Currier, Shawn O'Rouke, Marvin Kaatz, and Larry Coon. Middle Row: Gordon Kettle, Kevin Morris, Froggy Klieman, Bob Paul, Bob

Lynch, Mike Strietz, Dean Galvin, and Jim Jones. Top row: Bob Montagne, Doug Potvin, Vince Fordt, Tom Reichle, Brian Fielhauer, Larry Becker, Mark Blair, Tom Miller, and Dave Parker.

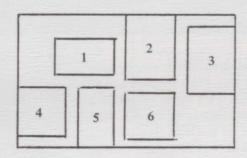

- You can tell by the expression on most of the players' faces that the JV has an important game tomorrow.
   Shawn O'Rouke says, "Now look at the mess I've made."

- 3. When it comes to football, Tom Reichle always uses his head.
  4. Dennis Clemente, Jim Jones, and Jeff Nugent look in amazement as Kevin Morris helps the opposition look for a contact lens.
- 5. Dean Galvin and Gordon Kettle break through the line with no problem at all.6. Larry Becker tries to push Bob Montagne through the on-coming tacklers.

#### C.C. Conquers League Mileage

Run! Run! Run! That's exactly what the Marine City Cross Country had to do to capture a 6-1 league record for a second place finish in the S.C.A.L. With 17 men out for the team they averaged anywhere from 4 to 10 miles of running a day.

Because of the millage, the team only had one week to practice before their first league meet and were defeated by a strong Port Huron Central team. But after that they scored six straight league victories including a 17-43 rout of St. Clair.

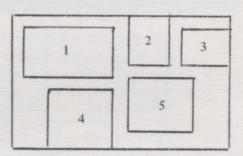

Coached by Walker Archer, the Mariners were led by first year man Pete Markel (who was bothered by injuries) and his brother, Tim, who is in his third season. Other outstanding runners were Bob Shattuck, John Gillman, and Steve Andrews. With an undefeated J.V. and losing only two members to graduation, the team should look strong again next year.

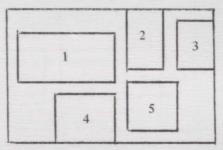

- 1. This year's cross country consisted of: Steve Andrews, Rick Charboneau, Mike Valla, John Gillman, John Endres, Pete Markel, Steve Markel, Shawn Smith, Tim Griffon, Bob Shattuck, Craig Boulier, Tim Markel, Jim Endres, Steve Gillman, Neil Hosford, Kelly Smith, Richard Beauvais, and Coach Walker Archer.
- and Coach Walker Archer.

  2. Brothers Tim and Pete Markel don't hesitate to look back to see how far ahead they are
- they are.

  3. As John Gillman rounds the curve, Mr. Archer directs the rest of his runners.
- 4. Steve Andrews shows a sign of relief after a long, hard run.
- 5. The Mariners are off and running.

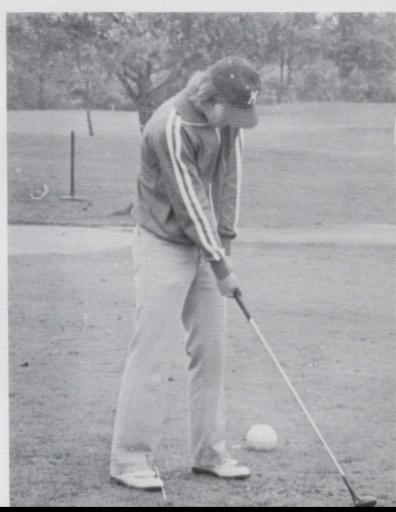

### Golfers: Best Ever

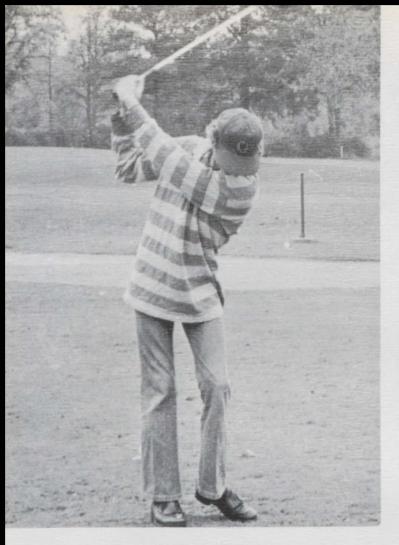

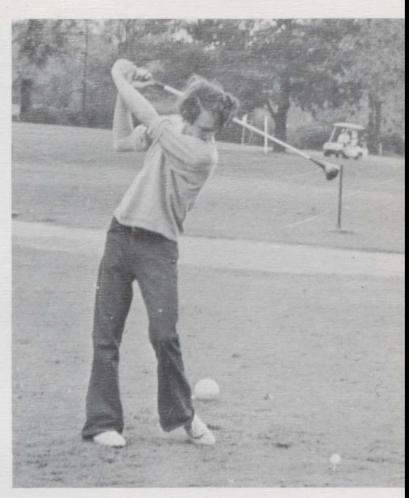

- 1. Concentrating on the big match are, front: Scott Clemons, Tom Clemons, Tony Dewitt, and Joel Bell. Back: Al MacDonald, Don Benoit, Drew Flemming, and Coach Gene Gunderson.

  2. Tony Dewitt takes a few practice wacks
- before he birdies the next hole.
- With all his might Al MacDonald tries to get a good connection.
   Team captain Drew Flemming eyes the ball carefully before taking a chop at it.
   Joel Bell warns the ball that if it doesn't go
- in the hole he will throw it in the river.

This year's perfect putters birdied through their best season ever at MCHS. Led by team Captain Drew Flemming, the Mariners drove the other teams off the course with a 4-10 record. Besides being team captain, Drew also was the team's M.V.P. and medalist at the league meet. Other golfing greats include Tony Dewitt, Don Benoit, and Al MacDonald. These three were always in the mid 40 range. Tony, second man on the team, is just a sophomore and plans to give the opposition some competition in the future.

All of this year's golfers experienced pressure packed situations but overcame them with self-confidence just like the pros. This is one of the main reasons this year's golfers have an improved record. So look out Jack Nicklaus, you have some competition now!

## **Hard Work Breeds Success**

Cross-country had another great year. Mr. Archer was named Blue Water Area Cross Country Coach of the year guiding them to second place in the St. Clair Area League. Teaching not only the physical aspects, but positive mental attitude as well, Mr. Archer produced a winning combination. Tim Markel excelled as one of the top runners in the league.

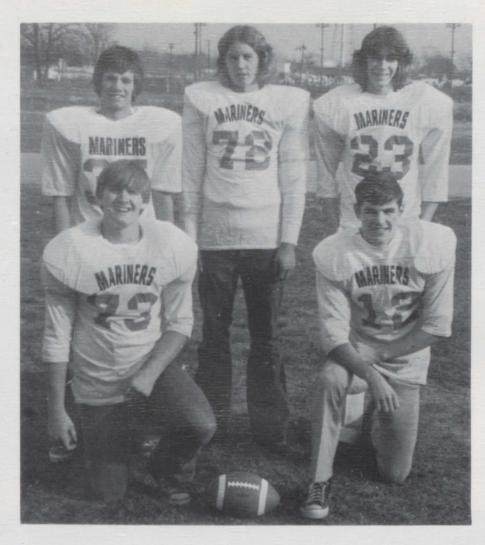

Football had its high points. All-League Honorable Mentions were selected and seven Mariners received votes. The team selected individual awards as well. Brian Zimmerman was named Most Valuable and Best Defensive Player. Randy Bradshaw was voted Best Offensive Player and Jeff Britz was Most Spirited. Bob Stewart and Bill Westerhof were selected as Most Improved during the season.

The Golf Team was led by fabulous Drew Flemming. He won the league meet and made the All-League Team. He was also voted Most Valuable Player for the third year in a row.

- 4. John Lisecki shows his heroic form on the free throw line.
- 5. Getting ready to belt one out of the park is Wendy "Babe Ruth" Kellehan.

This year's team had more hustle and determination than last year's squad but a lack of height and experience proved to be their downfall.

Their hopes were high as the season started but a couple of quick losses was all it took to change their attitudes.

The first half of the season was frustrating to the Mariners as they won only three games in 12 outings.

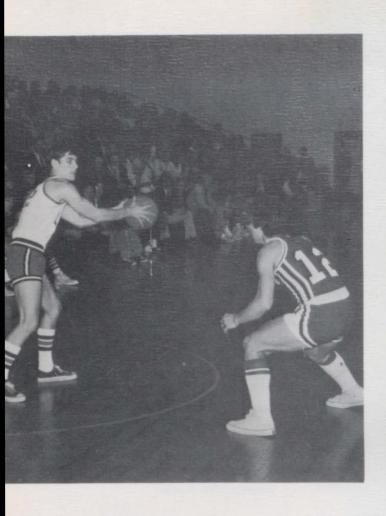

Lack of experience was probably the cause for their poor record. Randy Bradshaw and Tony Currier were the only two starters who saw a lot of action during the 74-75 season.

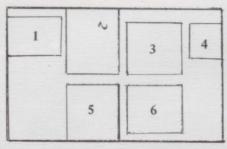

The Mariners defeated arch rival Algonac for the first victory by the score of 49-35. Randy Bradshaw was leading scorer with 16. The Mariners full court press in the last quarter was what turned the game around. Key steals by Rick Charboneau and Bill Westerhof led the way to the victory.

The biggest highlight of the first half was an exciting over-time victory over Marysville, 55-53. John Lisecki was the hero of the night scoring the only four points needed to win.

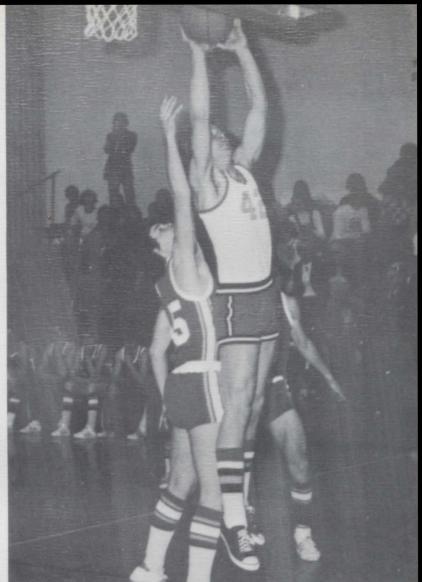

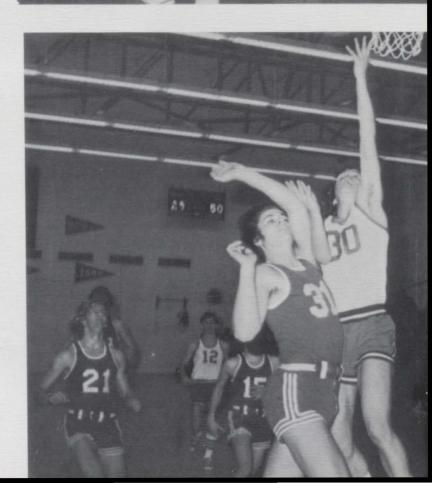

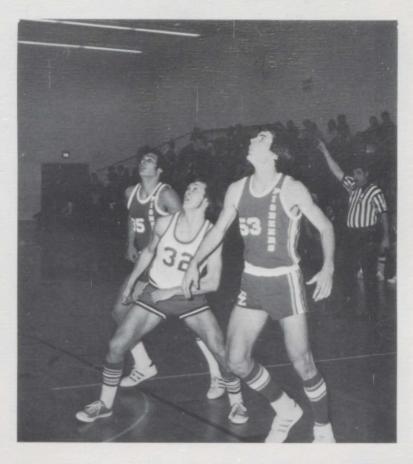

- "If you want it, you'll have to come and get it," says Bill Westerhof daringly.

### Big Wins and Upsets

# Mariners Surprise League

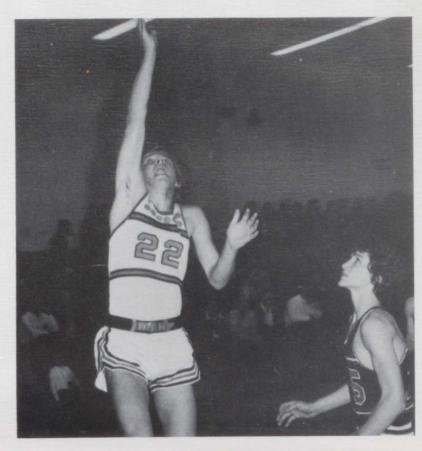

The Mariners came on strong the second half of the season and surprised the league with a series of big wins and upsets. But it didn't start off that way as the team lost the starting game to Algonac. But then the Mariners poured it on and defeated Cros-Lex again in a repeated performance of the first half of the season. High scorer was Randy Bradshaw with 18 points.

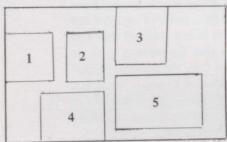

Then came the biggest upset of the season, as the mighty Mariners rolled over No. 1 rated Chippewa Valley 60-34. The scoring was lead by Bill Westerhof with 14 points and Randy Bradshaw with 10. The next big win came when they defeated St. Clair 55-52. The Mariners wrapped up the season with another big upset over the heavily favored P.H. Central 62-47. Randy Bradshaw was high scorer with 19 points.

### **Depth Key Factor**

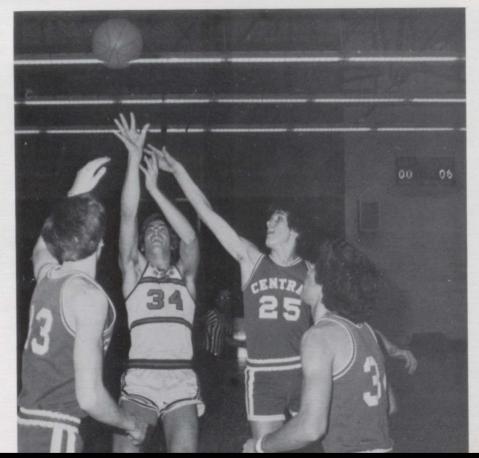

## Mariners Outhustle Opponents

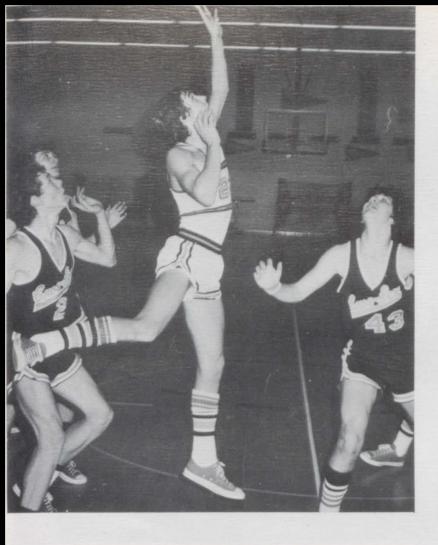

- "Hey, wow ref, they've got six guys on the floor!" is what Duane Suess seems to be saying as he looks for someone to pass the ball to.
- Bob Tranchemontagne slips by a Chippewa Valley player to score an easy layup.
- 3. With the greatest of ease, Shawn O'Rourke gets through three Cros-Lex opponents to score a bucket.
- Bob Parmentier gets off a fall-away jumper over three P.H. Central players.
- 5. The super sophs were: from bottom to top: Mike Klieman, Jeff Nugent, Bob Williams, Bob Tranchemontagne, Steve Andrews, Duane Suess, Coach Jerry Warkentein, Larry Beaker, Shawn O'Rourke, Marvin Kaatz, John Endres, Tom Reichle, Jerry Currier, and Bob Parmentier.

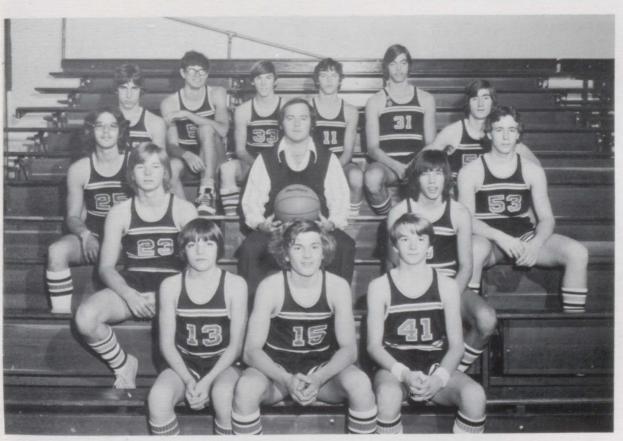

The Mariners went through another great season finishing with a 15-5 record and 2nd place in the S.C.A.L.

They raced to a quick start winning their first 5 games by wide margins. After the Christmas Holidays they fell into a slump losing 4 of 6 games before finally getting out of it and going 8-1 over the remainder of the season.

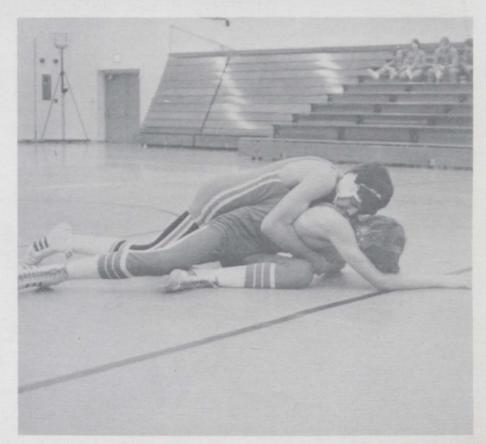

The team's success was based mainly on its fine depth. Not only did they have an excellent starting lineup in Shawn O'Rourke, Bob Parmentier, Jerry Currier, Bob Tranchemontagne, and Duane Suess, but they also had guys like Tom Reichle and Marvin Kaatz who could come in and do a fine job. Along with this was the fact that their coach, Mr. Jerry Warkentein, worked them hard in practice and it showed in the games. They continually out hustled their opponents. This same talent and hustle will be brought to the Varsity next year with hopes of a successful season.

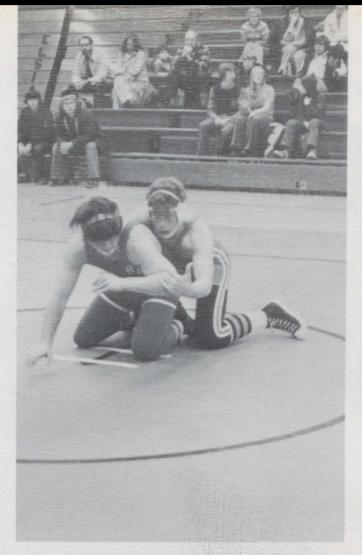

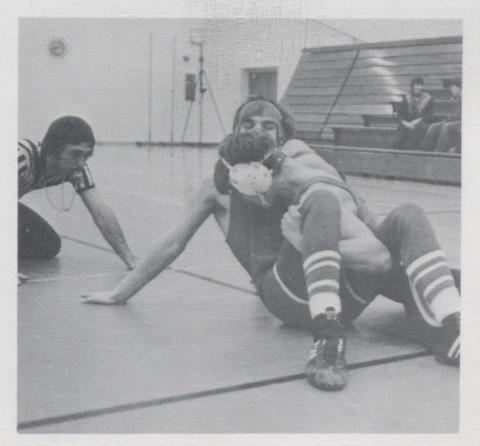

# Matmen Grab at Glory

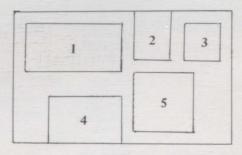

This year's wrestling team had a tough time with only four Seniors and a handful of experienced Juniors and Sophomores. The team's 4-12 record does not reflect the determination or close defeats. The team was troubled with weight control and disciplinary measures. With a little experience and a bad case of nerves, the Graplers put out their best effort, but failed to put together a win. As the season went on, the team gained confidence by defeating Armada, Memphis, and Oak Park. With next year's Sophomores and Freshmen coming up, the team is expected to have a spectacular year.

In a year of many defeats, this year's winter teams came through with respectable season records. Besides the united team efforts, certain individuals help to balance the inexperience of others.

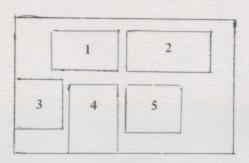

Just a few of the starters of the Varsity basketball team were Tony Currier, Randy Bradshaw, and Drew Flemming, who have played all four years in high school. Drew Flemming wasn't a starter at the beginning of the season but with hard work he soon became one of the team's top stars.

With help of Tom Reichle, Bob Parmentier, Jerry Currier, and Shawn O'Rourke, the J.V. team had a successful season.

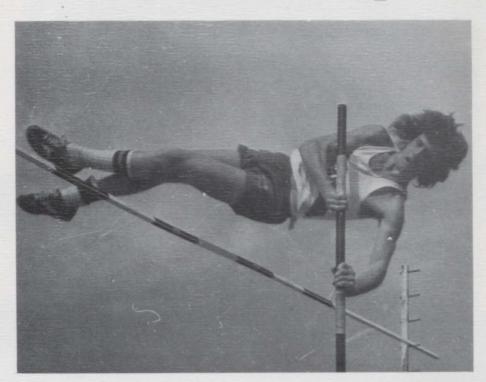

This year's outstanding wrestler was none other than Sophomore Steve Markel, who had an over-all record of 16 wins and 7 losses in his weight division.

### We're a Blast

# Trackmen Explode With Speed!

- 1. Tony Currier makes a flying effort to clear the bar and shows the talents needed for pole vaulting.
- 2. Thinclads on Cloud "9".
- 3. Joe Kardasz gives it a little extra uumph, but it appears that he didn't give it enough.
- 4. Rowdy Randy Bradshaw really pours on the speed as he nears the finish line.
  5. On your mark ... get set ... Gary Schmitz can't wait for that blast to signal go!

Floating on "Cloud "9" are Gary Schmitz, Randy Bradshaw, John Gillman, Tony Currier, Kelly Smith, Vince Reynolds, Jeff Britz, Joe Kardasz, Carl Cook, Tim Markel, John Endres, Jim Baker, Shawn

O'Rourke, Jerry Currier, Tom Reichle, Neil Hosford, Rob Parmentier, Steve Markel, Steve Andrews and Shawn Smith.

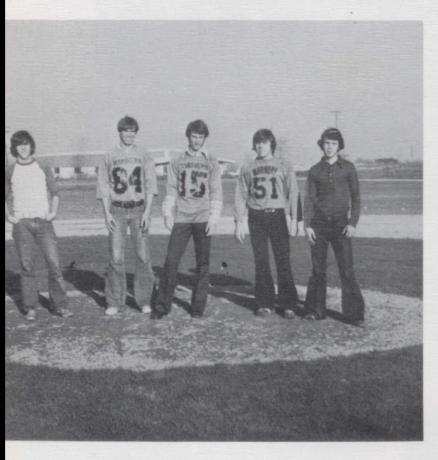

High spirits and good morale, that's what makes a winning track team. And that is just what our great guys were. They held a league record of 5-2 and broke six different school records. Among these were the high jump, long jump, pole vault, 440 relay, 880 relay and 2 mile run.

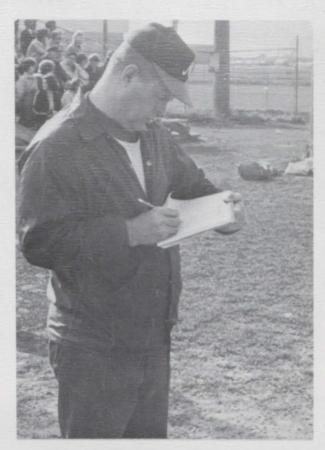

The boys practiced every night after school. Before running, they spent two weeks in the weight room toning up their muscles and working on breathing time. When their first meet came along, they were all fired up and ready to win!

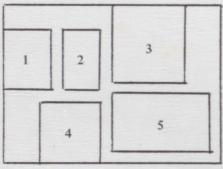

While skill and speed helped build this fine record, the returning men were ready and determined to make this season just as good.

### Kardasz, Flemming Grab Honors

# Mariners Battle to Improvement

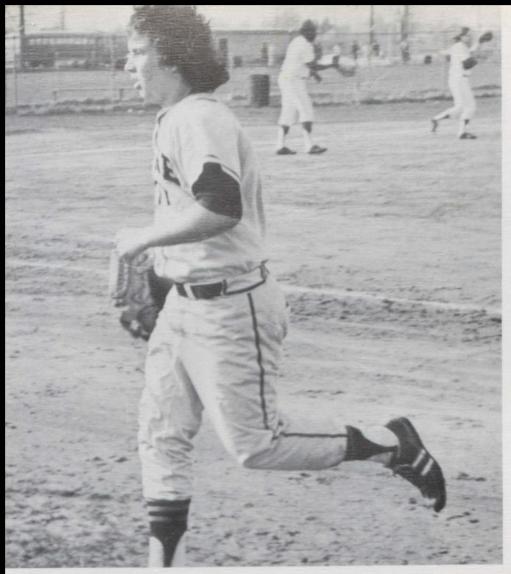

- Kardasz and company wonder where their trucks are for their new sandbox.
- 2. Coach Westerhof marks down another run for the Mariners.
- Bill Andrews runs in to get a couple of swings before the game starts.
- 4. The Bench Boys look on as the Mariners battle for another win.
- The returning lettermen hoping for a successful season were: kneeling, Bill Andrews, Rick Charboneau and Randy Zalewski. Standing are Bill Westerhof, Jim Reichle and John Kardasz. Not pictured are Drew Flemming and Bill Klieman.

The 1975 Mariner baseball team finished the season with an 11-12 record. This was their best season since 1971 when they finished 10-9 and also a great turn-around from 1974 when they finished 4-12.

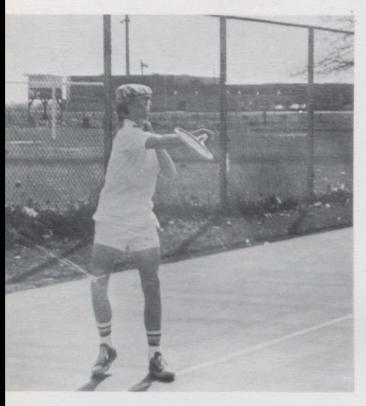

The mainstays of the team were Bill Andrews and John Kardasz. Bill set a new season home run record by smashing four over the fence. He also finished second on the team in batting with a solid .320 average. John kept the opposition on its toes by leading the team in batting with a great .348 average. Pitching-wise, he had a great season. It was highlighted by the performance he turned in against Algonac in the District Tournament. He pitched 10 innings, struck out 5, and allowed only 4 hits but lost it 4-3 on a lot of mistakes by the Mariners.

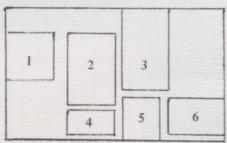

John had the honor of making the St. Clair Area League All League team, and then the Blue Water All-Area Team. Making Second Team All-League and All-Area Honorable Mention was Drew Flemming who also did a great job for the Mariners.

Last season is one that will long be remembered by Coach Westerhof as he received his 100th coaching victory since coming to Marine City.

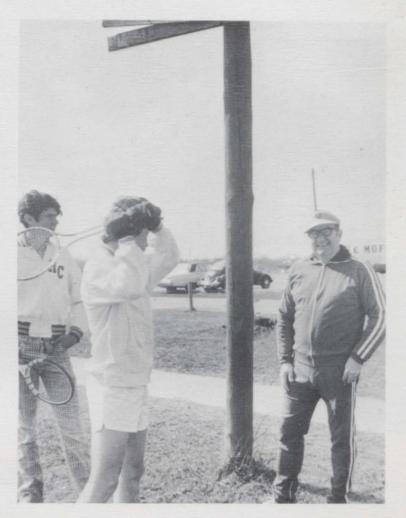

### Mariners Hit Best Season

- 1. By keeping his eyes on the ball, Joel Bell hits another perfect baseline shot.
- 2. Jim Endres can't believe his eyes as Coach Newcombe shows no fear of Bob Shattuck who is about to attack him with a tennis racquet.
- 3. The swingin' Mariners from left to right are: Angela Heintz, Joel Bell, Ed Frydel, Coach George Newcombe, Bob Shattuck, Lee Knight, Bob McCollister, Don Benoit, Steve McConnell, Tom Clemons, and Ed Winginton.
- 4. Whether in his uniform or not, Joel Bell's style of play is still as effective.
- 5. Ed Frydel turns just in time to see his doubles partner Lee Knight, smash one down the line.
- 6. Even in the hottest weather, Don Benoit's backhand can still dazzle his opponent.

The swingin' Mariner tennis team stroked up their best season ever. With only three returning lettermen and seven newcomers the Mariners managed to compile a respectable 5-11 record. The season started off very promising when they won three of their first four matches. The season then continued with many ups and downs but they finished strong — their best ever.

Team spirit was high and they practiced long and hard. A great part of the Mariner's strength came from the three doubles teams. The netters also had a few outstanding players. Our number one doubles team, Ed Frydel and Bob McCollister, made it to the semi-finals in the Regionals, collecting medals for their fine style of play. Bob Shattuck let the rest with the best individual record of 8-6. Other promising players were Don Benoit and Joel Bell who played No. 1 and No. 2 singles, both with a respectable amount of wins.

Our thanks to Coach George Newcombe and the rest of the team for a fine season.

The Mariner Batboys got off to a good start this season with their game against Holy Cross which they won. There was a slight delay in wins until the middle of their season when they won 4 in a row. The stars of the season were homerun record-breaker Bill Andrews and All-League, All Area first baseman John Kardasz.

In track Marine High always comes out on top. Our thinclads smashed six records this season and came close to having almost six tracksters making all-league. To keep in shape, the guys worked out on The Universal Gym after school.

Our Tennis team had a fine season and wound up with a 5-9 league record. Ed Frydel and Lee Knight practiced doubles for the regional tournaments, right.

### **Height Key Factor**

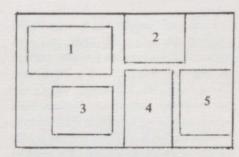

## Girls Have Tough Season

This year's Girl's Varsity team had another disappointing season. As was the case with the J.V. team, the varsity lacked the height needed to win games. Coach Martha Lownsbury remarked that they were a much improved team from last year but their lack of height really hurt them. The team played in a lot of close games and height was the main reason they didn't win them. They finished with a 2-10 record.

- 1. This year's sharpshooters were: kneeling; Tammy Parcell, Jeannie Kaye, Coach Martha Lownsbury, Wendy Kellehan, and Kay Chamberlain. Standing; Diane Wiinikainen, Ann Hilferink, Debbie Brown, Michelle Valla, Vickie Sharrow, Sue Wiinikainen, and Donna Brown.

  2. Michelle Valla watches carefully as she
- puts in another free throw.

  3. Getting ready to battle two opponents for a rebound is Kay Chamberlain.

  4. Debbie Brown maneuvers her way through
- two opponents to score an easy basket.

  5. Waiting to grab a rebound are Sue Wiinikainen and Debbie Brown.

### Weaknesses Plague Team

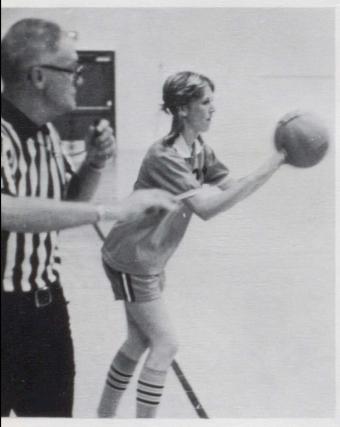

## Girls Scrap For Wins

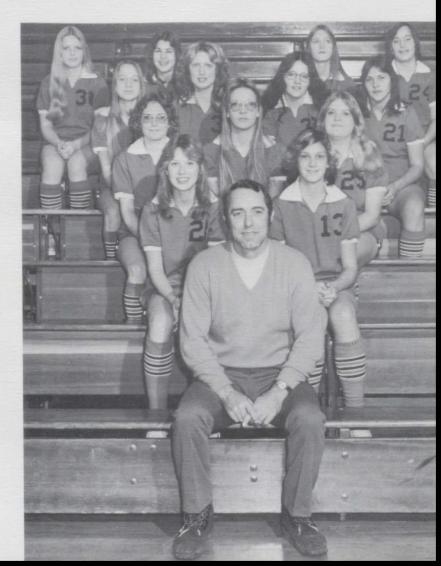

Lack of height and experience plagued this year's J.V. team. But even with these weaknesses the girls battled all year and finished with a 4-9 record. Their coach, Mr. Bill Ameel, did a great job teaching them basic fundamentals which will prove helpful in future years.

Sophomore Jean Polio was the leader of the team as she continually grabbed big rebounds and scored key baskets. Annette Heilman and Candee VanWormer also contributed good seasons to the team. All three were rewarded for their efforts by being brought up to the varsity level for the tournaments.

This year's team had six freshmen who played in most of the games. They are looking to next year when they will be able to put this experience to good use.

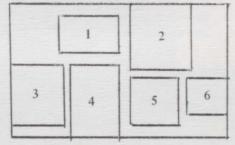

- 1. Annette Heilman lets a shot fly as Candee VanWormer turns around to get a possible
- rebound.

  2. "Awh, what d'ya mean we're going the wrong way?" is the look on Kim Westerhof's face as she and Kathy Nott start down court.
- 3. Jean Polio passes the ball in bounds after
- the Mariners forced a turnover.

  4. This year's jumping J.V. were Coach Bill Ameel, Jean Polio, Candee VanWormer, Pam Leitch, Kathy Schmitz, Mary Frank, Jean Terbush, Cheryl Goddard, Annette Heilman, Lori Denean, Vickie Greene, Kim
- Westerhof, Tina Blakely, and Kathy Nott.
  5. Jean Polio yells, "Keep your hands off!" as she tries to protect the ball.
- 6. Coach Bill Ameel explains some strategy to his girls during a time out.

Power Volleyball, that's what we call it! You win some, you lose some, but it's all the same.

Our gals came through with a 10-4 league record, in the tournaments, a 1-1 record. With Miss Kimmet leading their way, the girls pulled through another winning season. Wendy Kellehan was the leading scorer and spiked the team onto Victory! With Kelle Brown serving, shooting and spiking, our offense came out on top.

This is the second year that the girls have been able to go out for volleyball. It is challenging, rewarding and a lot of fun to play. Each year more girls have gone out for this sport. So next year we'll have another number 1 team!

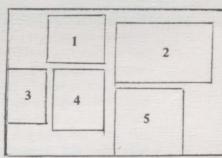

### Power Volleyball Romps On

## Spikers Sock It To 'Em!

- The score goes up another notch as Michelle Valla spikes the ball.
- From left to right, our Super Servers are, bottom: Alena Whitehurst, Carol Van Slambrouck, Tammy Parcell, Pam Leach, Debbie Bradd, Wendy Kellehan, Cindy Hoogerwerf and Mary Whitehurst. Top: Diana Wiinikainen, Sandy Parcell, Marian Frank, Mary Kay Schwanitz, coach Miss Kimmet, Kelly Brown, Judy Payne, Vickie Sharrow and Michelle Valla.
- "O.K. girls, let's see you hit this one back over the net," thinks Vickie Sharrow while bumping the ball.
- Cindy Hoogerwerf plans out where that ball is going to go, hopefully it will land on the floor for another score.
- "Set it up girls and stay on your feet," says coach Miss Kimmet to her powerful team.

Last year's letter winners are Bridget Snell, coach Martha Lownsbury, Dawn Niester, Debbie Hopton, Michelle Endres, Charlene McNiff,

Janice Thueme, Pam Leitch, Ann Hilferink, Evie Southard, Mary Kay Schwanitz, and Kathy Nugent.

Why do girls go out for track? Many want to stay in shape, compete against one another or gain self respect, as the boys have in athletics.

The girls' team had a fair season. With hard work and determination, they placed 2nd in a few tri-meets. Returning this year and having a better season were Mary Kay Schwanitz, high jump; Pam Leitch, 880 yd. run; Pam Ames, 2 miler; and Michele Valla, team leader.

Coach Martha Lownsbury did a good job of lifting their spirits and hopes with exercises that build up their confidence. The experience of the returning letterwinners helped them through another tough season.

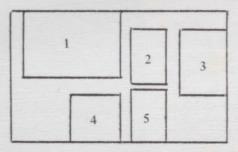

# Sew Up a Good Season

- 1. Team Picture.
- Kathy Nugent really pours it on as she comes to the finish line.
   While gliding in, Mary Kay Schwanitz gives a smooth hand-off to Briget Snell.
   "Oh no!" cries Debbie Wolf. "I just polished my nails."
   "I don't think I can take another step," evelaims Pam Leitch.

- exclaims Pam Leitch.

Girl's Softball was a new sport at Marine City last year. It was well received as many girls went out for the team.

Their coach, Miss Sue Meisner, worked them long and hard at practice and it showed in the games. Although they finished with a 2-6 record, they played very well for a first year team. Their first win came against archrival Holy Cross in a very close 10-9 contest. In their last game of the season they exploded against P.H. Central for a 14-2 win. The team was made up of mostly underclassmen who came back and did another great job this season.

  3. Renee Blake gets set to scoop a throw out of the dirt.

## Girls Sports - On The Move!

Since 1970, girl's sports at M.C.H.S. have increased both in size and popularity. When they were first introduced here only basketball was offered and there wasn't much organization in the league or in the state. But then came track, volleyball and as of last spring, softball. With these came organization throughout. They now have a regular schedule and state sponsored tournaments.

Girl's athletics have become an important part of school life at M.C.H.S.

The operation of schools back in the 1890's and early 1900's was much different from our present day standards of permissiveness. Emily Ward's Newport Academy for boys and girls was one of the first institutions in this area. Kept under strict control, with the constant threat of the hickory stick, the kids of yesteryear lived up to the saying that "children should be seen and not heard."

Since 1817, when Samuel Ward purchased the land between Belle and St. Clair River, the town of Marine City (or Newport, as it was called then) has been growing. Shipyards, livery stables, saw mills and blacksmith's shops filled all available space in the then budding metropolis.

The townspeople have changed greatly through the years but remain close-kmit and proud of our heritage and the part we've played in history.

Registering all over again, what a pain in the ... Jimmy Hoffa, where are you? ... new principal, new rules ... no more Frosh ... ridin' the idiot circle ... old cafe back ... Lynette Fromme, Sara Jane Moore, would-be assassins ... 70 minute first hours, too long ... gotta hide that nervous condition ... foolin' Mrs. Eber, no way ... The Busing Dilemma ... fire alarms, not again ... Queen Dawn ... Homecoming Dance ... gotta finish that float ... trikin' all the way ... Patty Hearst-we found you! ... wild socks ... tug-o-war ... Disney wins the prize ... Edmund Fitzgerald ... red lips n' pony tails ... Ma Zapel's films go backward .... Lebanon-again ... bookfair ... no study halls, can't sleep ... sweat hogs ... Juniors promote tooth decay with candy sales ... Karen Quinlan the right to live or die ... Christmas parade ... snowy Santa, freezing elves ... carols in the hallways ... who's that on the announcements? ... Merry Christmas ... Happy New Year! ... Bicentennial ... Kiss concert, fantastic! ... 1:50 bell, rush hour ... cram exams ... William O. Douglas retires ... Sophomore's pizza place ... Tigers lose their roar ...

Then the years went rushing by us
We lost our starry notion gone away
All our friends are older but no wiser
For in our hearts the dreams
are still the same
